Please also note: The Fund has the right to reclaim any monies that are deposited into your account in error or following the death of the participant.

For more information and details regarding electronic payments, please see the reverse side of this notice.

ELECTRONIC PAYMENT OF PENSION BENEFITS

The Pension Fund requires all pensioners and beneficiaries to receive their monthly pension benefit payment via electronic payment.

Direct Deposit. Direct deposit delivers your monthly pension benefit payment into your bank, savings and loan, or credit union's account quickly and safely. Each month the Pension Fund's bank, PNC Bank, sends an electronic message to your bank, savings and loan, or credit union, crediting your account with the exact amount of your monthly pension benefit payment.

Benefits of Electronic Payments:

- **Safety.** Provides enhanced security as there is no risk of lost, stolen, or misplaced checks. Ensures that only authorized persons have access to the pensioner's funds.
- **Ease.** Your money is automatically posted to your financial account or to your Pay Card account on payment day each month. You won't have to wait for the mail to arrive and all funds are immediately available because electronic payments are considered cash payments.
- **Convenience.** No need to make a trip to cash or deposit a check. Direct Deposit can be initiated to any financial institution in the United States (banks, federal credit unions, Savings and Loans, and investment banks). Direct Deposit can also be initiated to a checking, money market, or savings account.
- **Cost Effective.** Electronic payments are more efficient and cost effective because they cost less than preparing and mailing monthly checks. In addition, the Fund doesn't have to pay to replace and mail checks that are lost, stolen, or misplaced.
